An Internet for the People Jessa Lingel,2022-06-14 How craigslist champions openness, democracy, and other vanishing principles of the early web Begun by Craig Newmark as an e-mail to some friends about cool events happening around San Francisco, craigslist is now the leading classifieds service on the planet. It is also a throwback to the early internet. The website has barely seen an upgrade since it launched in 1996. There are no banner ads. The company doesn't profit off your data. An Internet for the People explores how people use craigslist to buy and sell, find work, and find

love—and reveals why craigslist is becoming a lonely outpost in an increasingly corporatized web. Drawing on interviews with craigslist insiders and ordinary users, Jessa Lingel looks at the site's history and values, showing how it has mostly stayed the same while the web around it has become more commercial and far less open. She examines craigslist's legal history, describing the company's courtroom battles over issues of freedom of expression and data privacy, and explains the importance of locality in the social relationships fostered by the site. More than an online garage sale, job board, or dating site, craigslist holds vital lessons for the rest of the web. It is a website that values user privacy over profits, ease of use over slick design, and an ethos of the early web that might just hold the key to a more open, transparent, and democratic internet.

My Life on Craigslist Alexandra Ares, 2011-05-13 Craigslist can be a real sharkfest! But it's a mirror of who we are. Alexandra Ares takes these two statements to their darkest and funniest place in this page turner satire of today's wildest mores shamelessly unleashed on America's largest free online dating website. A zany and original New Yorker trolls Craigslist for fun, love, sex, relationships and everything else, but she's doomed to run from trouble to trouble. Meet Emily Thompson, 25, quirky, wholesome, with a keen eye for contemporary art. One year after she moves from Buffalo to the trendy East Village, where she lands a job in an art gallery and an artist boyfriend, her life is turned upside down when she loses everything. Alone, broke and depressed, she turns to Craigslist to find everything she needs for both fun and survival. She soon discovers a wild, flawed world where everyone is either the con or the conned, and decency has flown both the laptop and the desktop. A roommate who is rarely home, turns out to be an escort, which makes Emily get on her high moral horse, but later, when Emily herself becomes an escort for a day things spiral out of control... A book with soul, about a mad world without! Craigslist Susan M. Freese,2011-01-01 Examines the life of Craig Newmark and the company he founded, Craigslist.

A Date with Death Michele R. McPhee,2010-05-25 In a luxury Boston hotel on April 14, 2009, police discovered the body of a beautiful young woman—her head battered, a bullet through her heart. Within hours, the story exploded, making headlines across the nation. The victim, a masseuse named Julissa Brisman, had advertised her erotic services on popular classified ads Web site Craigslist. A twenty-two-year-old medical student named Philip Markoff was her last-known client... The Boston Police Homicide Unit followed a digital trail that led to Markoff's home, where investigators found a gun, prepaid cell phones, plastic handcuffs, and other evidence linking Markoff to Brisman. They also uncovered a stash of women's undergarments, raising even more questions about their suspect: How many other women did Markoff meet before Brisman? And what happened to them? This is the true story of one woman's DATE WITH DEATH.

The Craigslist Killer Reagan Martin,2013-05-27 Summit County, Ohio--a quiet midsize city that isn't really known for anything. In 2011, all of this changed when Summit resident Richard Beasley used Craigslist to create a job that didn't actually exist--it was all part of his plan to lure men in. It also examines how he convinced a 16 year old teen to help murder his victims. Through gripping, page-turning, narrative this book tells the story of one of the most notorious Internet killers.

It Chooses You Miranda July,2011-12-01 In the summer of 2009, Miranda July was struggling to finish writing the screenplay for her much-anticipated second film. During her increasingly long lunch breaks, she began to obsessively read the PennySaver, the iconic classifieds booklet that reached everywhere and seemed to come from nowhere. Who was the person selling the Large leather Jacket, \$10? It seemed important to find out - or at least it was a great distraction from the screenplay. Accompanied by photographer Brigitte Sire, July crisscrossed Los Angeles to meet a random selection of PennySaver sellers, glimpsing thirteen surprisingly moving and profoundly specific realities, along the way shaping her film, and herself, in unexpected ways. Elegantly blending narrative, interviews, and photographs with July's off-kilter honesty and deadpan humour, this is a story of procrastination and inspiration, isolation and connection, and grabbing hold of the invisible world.

Tiny New York Suzi Siegel,2018-04-01 Because in a giant city, sometimes the smallest things get overlooked. Tiny New York peeks into the city's nooks and crannies to find the little things that tell the real New York story. Because in New York, Tiny isn't cute. It's tough. Tiny doesn't wait for handouts. It hustles. Tiny isn't insignificant. It's precise. Tiny isn't a jack-of-all-trades. It's the master of one. There are plenty of books about New York City. But there has never been a book about the smallest things in the biggest city.
